Traffic Joins With Heat To Result In Tragedies

BY UNITED PRESS

Automobiles, trains, guns, rivers and lakes and the heat combined in exacting a heavy toll of dead and injured in Ohio over the week-end, a survey by the United Press today revealed.

The major tragedy occurred two miles west of Eaton where seven persons, members of two Richmond, Ind., families, were killed, when their automobile was struck by the Chicago Daylight Express, a fast Pennsylvania passenger train.

Death took a double toll in the Tipton family in Columbus. Mrs Barbara Tipton, 53, died shortly after she was advised her son, Clarence, 17, had been killed when he dove into a quarry pool. The boy's head struck a rock and he was dead when his body was re-

Herman Baas, 18, Columbus, was killed in an unexplained automobile accident near Kirkersville, while he was enroute to Buckeye Lake to join his parents who were spending the week end there. County authorities expressed the belief the boy fell asleep while driving. John A. Hare, 42, of Dover, was killed by an automobile on the Uhrichsville Road, near New Philadelphia, while he was returning to his stalled car with a can of gasoline. The driver did not stop.

TOKIO, July 22.—Nippon Dempo News Agency dispatches from Harbin stated that two Chinese vessels were seized by Soviet warships in the lower Amur river and that their crews and cargoes were being held.

Reports from various sources today indicated that the situation along the Manchurian-Siberian border continued to be tense, in spite of Japanese war office advices that the tension was lessening.

A report from Harbin stated that all Red Russians in Manchuria above the age of sixteen have been made war prisoners and were being concentrated in a virtual prison camp pending deportation Other Harbin reports stated that the Chinese forces in the vicinity of Manchuria had swelled to 15 Later reports said the Russians

Soviet-China Clash Nearer

Since the breaking of diplomatic relations between Soviet Russia and the Chinese Nationalist Government, clashes between troops on the eastern Chinese border have been reported. Many thousands of Chinese troops, like these above, have been ordered to the Manchurian districts on the Amur River. Russia alleges that China failed within time limit to reply to the ultimatum sent in protest against seizure of the Chinese Eastern Railway and the arrest of the Soviet officials. HIT-SKIP DRIVER TARGET OF NEW LAW

More drastic punishment is provided for so-called 'hit-skip" drivers in a new state law which became effective Sunday.

By increasing the maximum penalties to a fine of \$200 and imprisonment in a jail or workhouse or six months or both, the law is aimed at putting a more effective curb on that class of drivers held rsons each year.

BANK SUIT ATTACKS OHIO TAXING LAWS: **ENJOIN TREASURER**

(Continued From Page 1)

mit this condition to exist is dis criminatory and invalid.

The present suit brings up for question of taxes on shares of stock of the plaintiff banks for the last half of 1928, due any payable

The Xenia National Bank seeks to be relieved of paying \$2,925 assessed against it by the taxing authorities of Greene County, while the Citizens National Bank asserts \$3,200.62 was levied against it and the First National Bank of Os born complains it was taxed \$341. 70 on its shares of capital stock,

The present injunction suit is based on a report filed by a mas ter commissioner with Federal Judge Benson W. Hough at Colum bus last week in which he held il legal and void taxes assessed against shares of two Columbus national banks under present state laws and recommended that the treasury be permanently enjoined from collecting taxes for 1926 and 1927 on shares of stock of these

This report of the commissioner, providing it is approved by Judge Hough, may affect most of the taxing districts of the state, for a large number of national banks in Ohio have followed instructions of the Ohio Bankers' Association and have paid their taxes under protest for the past two years.

It is said that the contention of the banks does not represent any desire on the part of the national banks to avoid payment of just and equitable taxes on their shares of capital stock, but that the present action is brought in a friendly man ner in an effort to have determined by the courts where Ohio taxatio laws affecting stock of nationa banks are in conflict with federal statutes in that other capital in competition with that of the banks is not taxed to the same degree The master commissioner has held that this conflict exists.

Attorney C. L. Darlington repre sents the Xenia National Bank, H L. Smith is attorney for the Citizens National Bank and Attorney Morris D. Rice represents the First National Bank of Osborn.

mit this condition to exist is dis-

criminatory and invalid. The present suit brings up fo question of taxes on shares of stock of the plaintiff banks for the last half of 1928, due any payable

The Xenia National Bank seeks to be relieved of paying \$2,925 as sessed against it by the taxing authorities of Greene County, while the Citizens National Bank asserts \$3,200.62 was levied against it an the First National Bank of Os born complains it was taxed \$341. 70 on its shares of capital stock,

The present injunction suit is based on a report filed by a master commissioner with Federal Judge Benson W. Hough at Columbus last week in which he held illegal and void taxes assessed against shares of two Columbus national banks under present state treasury be permanently enjoined from collecting taxes for 1926 and 1927 on shares of stock of these

providing it is approved by Judge ing districts of the state, for a large number of national banks in Ohio have followed instructions of the Ohio Bankers' Association and have paid their taxes under protest for the past two years.

It is said that the contention of the banks does not represent any desire on the part of the national banks to avoid payment of just and equitable taxes on their shares of action is brought in a friendly man by the courts where Ohio taxation banks are in conflict with federal competition with that of the banks is not taxed to the same degree The master commissioner has held that this conflict exists.

Attorney C. L. Darlington repre sents the Xenia National Bank, H. L. Smith is attorney for the Citizens National Bank and Attorney Morris D. Rice represents the First National Bank of Osborn.
